# ACCOMMODATION WHILE ON-CALL POLICY

## ***Policy #8***

***Date: January 5, 2019***

### **Purpose**

In the event of weather conditions that make it impossible for SIR members to respond to calls at their residence location, temporary shelter can be provided at the SIR Station.

### **Policy**

In order to activate this temporary solution, the SIR member must first discuss it with either the chief or deputy chief.

This policy applies to SIR members only and not to family or friends.

This is not a mandatory requirement for Responders, only an available option. Members are still encouraged to call on fellow SIR Responders for shift coverage as a first and preferred alternative.
